## Training & Consulting Services

### VISION

A Canada where everyone in the workforce is aware of their rights and responsibilities in health and safety and not one person is left behind.

### MISSION

To provide tailored consulting and training solutions in Occupational Health and Safety for clients to achieve and sustain Ontario's OHS legal compliance and proper awareness. Always offering innovation, empathy, quality, expert advice and competitive prices.

ACE SAFETY A PROUDLY  
CANADIAN COMPANY

### ABOUT US

ACE SAFETY is a boutique consultancy firm located in Toronto, Ontario. We are dedicated to providing innovative loss and accident prevention strategies to small, medium and large size employers in the province of Ontario.

Our OHS areas of expertise include:  
**Industrial - Manufacturing -  
Property Management.**

Our offer is supported by more than 20 years of experience in the field, the development of highly proficient loss and accident prevention strategies and hands-on training courses on over 40 topics, some of them are specially designed for vulnerable workers and facilitated bilingually in English and Spanish.

ACE's founder is Mr. Pedro A. Vargas-Zamora who is the Senior Health and Safety Advisor, holder of a University degree in Occupational Health & Safety and possessor of vast experience in technical training delivery and consultancy in this field, both in the province of Ontario and internationally.

HEALTH & SAFETY STRATEGIES and PEACE of MIND: Sometimes it feels like an impossible task, we get it... You care about your team, we know it... It can escalate, don't postpone it... We are here to help in any way possible, because we care too!

**At ACE SAFETY we are Passionate about Accident Prevention!**

"At ACE SAFETY we understand that the development of Health & Safety Policies and Programs, as well as specialized training is a big investment for your business. That is why we are committed to bringing great value to your organization by engaging your team members and making of each prevention strategy and instructional session a very positive and memorable experience!"

Pedro A. Vargas-Zamora  
Senior Health & Safety Advisor

# OCCUPATIONAL HEALTH & SAFETY TRAINING COURSES

## INSTRUCTOR-LED - FACILITATED ON-SITE

### Health and Safety and The Law: Due Diligence and Compliance in Ontario

Get a better understanding about the Occupational Health and Safety Act (OHSA), the OHS Regulations, and the concept of The Internal Responsibility System.

The OHSA sets out duties for all workplace parties and rights for workers. It establishes procedures for dealing with workplace hazards and provides details for enforcement of the law where compliance has not been achieved voluntarily.

The OHSA applies to almost every worker, supervisor, employer and workplace in Ontario, including workplace owners, constructors and suppliers of equipment or materials to workplaces covered by the Act.

### WHO SHOULD ATTEND

Employers Representatives, Management Team members, Supervisors, Workers, Workplace Health and Safety Representatives & Non-certified JH&SC Members.

### OBJECTIVE

To provide participants with a better understanding about the Occupational Health and Safety Act (OHSA), the OHS Regulations, and the concept of The Internal Responsibility System.

### ADDITIONAL INFORMATION

Minimum 4 Participants per session  
Investment: \$277 + HST p/p

### COURSE LEVEL

- Essentials - 1 full day

### LENGTH

Full day: 7 hours of instruction + 2 breaks + lunch time

**416-821-5245**

info@acesafetyontario.com
